Dear Mercer County Special Services School District Community,

As you may be aware, Governor Murphy recently announced families have the option of remote learning for September 2020. We recognize that there are many considerations that families will need to weigh when selecting an option that is right for each child. We ask that parents/guardians please answer these survey questions to the best of their ability by **Friday, July 31, 2020**. Once Administration knows how many students are selecting the In-Person Hybrid Model, they will begin to build individual class schedules. We will continue to share our planning considerations in the coming weeks.
