12. Public Session

Marketing presentation by Michelle DiCoio and Clara Bigos.

Lisa Vena said I'm glad to hear about the brochures that market the district. Good to update the website but unless they know about us, they won't know where to find us. Where are the brochures being distributed? I had a few ideas.

Ms. Bigos responded: brochures have been distributed where appropriate and through sending districts.

Ms. Vena said I think sending districts do not want to send their children to us they only call us when they can't handle a student. In County sites like library etc. Send me the newest latest brochures for marketing it should be updated periodically just my opinion. For example, at my son's doctor's office there's a whole bulletin board with flyers on it but none of them are ours. Mr. Stockman and Ms. Lewis all asked if we could all get a copy of the brochure.

Dr. Schneider responded I will send that through my office.

Lisa Vena said besides the pediatrician office look throughout the County maybe the Technical school could help us.

Ms. Donnelly responded they have helped in the past.

Ms. Morgan Santo said I guess we are looking for a general distribution list.

Dr. Schneider responded we will collect and send.

Leah Pray, President MCSSETA said for clarification officially 23 people were rif'd but re-hiring an HR Manager, Student Services Supervisor, consultant for BCBA with an outside contractor and Heather Pyle as a contractor.

Brian Bittings responded the resumes we received to replace the SAC position were inadequate to service our students, we are covering counseling through colleagues that we reached out to. HM will be returning in the fall and we will partner with Mercer Council at a no cost to the district; Mercer Council also partners with other districts within the County. HM has agreed to liaison with Mercer Council.

Kristin Karr, OT at MES April 1st, I mentioned strategic planning, Dr. Schneider mentioned at that time that it was last done 9 years ago. I asked for clarification when ours was last done. It is recommended that strategic plans are done every five years or whenever it is deemed necessary. It is necessary now. Our parents are poised to be able to participate like never before (they have had a year to learn about technology).

I understand why people cringe when you say strategic plan. When it is not done correctly and considering the time involved, it produces terrible results. they are approved proforma due to fears of criticizing content produced by constituents who spent valuable time producing them (from quick internet search- Educational Leadership Dec 2007/2008) Let's do it the right way this time! Find a consultant that will use modern methods of producing a survey. Provide access to everyone in our community- students, teachers, parents admin.

Create attainable goals- you have members of our school community that make measurable, attainable goals all of the time. Teachers and therapists! Together we can create a better vision for our school, but we need the entire community to be a part of this - we need to use modern methods, we need a leader that is empowered by the voice of their constituents. This is the most down to earth staff, I never hear people throwing their education around, they are humble and want to help. Ask for our help, as a leader harness our knowledge- we want to help. Regarding the marketing plan, I know how much work went into this, it reflects the work performed over a few years. But I wanted to comment on one part, and it reflects what I said earlier. The sensory room is a sensitive subject for me. The sensory walk. Both are in a dark hallway and room in RDS that is difficult to access due to the nature of the children we serve. This marketing plan lacks context, and it lacks the voice of staff who wanted nothing but to help be a part of this.

Amanda Santos, MES Parent, with regard to marketing, we hear more about online and social media presence plus a few parent groups like SEPAG which would be good. Facebook page-we do not have one. Monique Wilson, Liaison, reached out to Dr. Kim and is waiting for her response.

Denise Dombkoski OT at JFC I have concerns about the student health forms. We need help with forms and temperature checks. They are not in Spanish so having difficulty completing.

Janet Cerullo, parent, why are there so few children in class, 14 kids allowed, five only in A block 6 on a zoom call, if social distancing can accommodate the capacity why aren't we doing 5 days for all in person?

Ms. Rainiero, some have chosen to remain remote, but we can look into that.

Dr. Kim commented that things will evolve as people become vaccinated.

Ayala Rahimi, I would like some clarification from Mr. Bittings regarding the SAC position, the child study team agreed to do this because MHS students are suffering with lack of counseling. Is it because of lack of money or lack of qualified applicants?

Mr. Bittings said I appreciate all your help to ensure all the students receive counseling. If we had a qualified person, Dr. Kim and I would work with Deb Donnelly to find a way.

Beth Breden, parent said if we have the room why are we not combining the students for five days a week?

Dr. Kim said parents can choose to return at any time, so we scheduled it this way. If everyone comes back, we will have to manage.

Beth Breden, so those that have chosen to come in or getting limited education? My daughter cannot use zoom and understand the concept I really do not want her in. Why not combine the hybrid and worry about the what ifs later? I am working with Monique Wilson, Liaison from SEPAG we want to reach out in a positive way with parents. We have 7 to 9 parents that want to be actively involved. Parents from all 3 schools are represented.

Anne Olivero, MHS parent, speaking of ongoing lack of communication I sent a letter to you Dr. Kim 2 weeks ago and you said you were looking into it. I have not heard back. I am speaking for my son because he is not able to; his teachers and one on ones for two years has changed this is too much change for a child with transition issues. I am not happy; I have not heard from my principal. My son has not been in the building yet.

Dr Kim said she will look into this and circle back.

Lisa Pusillo, teacher at JFC recommends any important communication to parents be provided in English and Spanish ongoing so the Spanish speaking can receive and act on. I speak for staff and our children; we are so thrilled to be back with the children. One of my students both days said I had a really great day. We are back five half days. If moving forward, we can expand and bring in MHS & MES. Also do five days a week soon or in the summer so in September we can be 5 full days. Students need to transition to this. I listened to parents who struggle with childcare needs. Marketing plan; I felt we should run like a business. Ask for our input and our recommendations. If we can coordinate to build upon our district.

Lori Cuddy, MHS teacher addressed class capacity I have A and B; 10 students all want to come in. We will be 14 in my class. My students are begging to be together. No reason why we cannot.

Dr. Kim replied, send an email to your building principle.

Lori Cuddy said you are the Superintendent you make the rules for the district.

Dr. Kim said everyone does what is right for their building. Do you have a pandemic meeting?

Lori Cuddy said we've had 2.

Dr. Kim said I will look at this.

Stephanie Moore, MES parent, the survey options were limited. I'm not comfortable with sending my child in two to three days a week, the inconsistency would crush them. If an option for their schools to have five days but has to come from you. As far as the marketing plan their brochures are not coming to me as a parent. For my sending district to send my son out of district he would have to punch a teacher. You should update the website. Parents are spending thousands of dollars to get kids out of district but sending districts are saying they have the program, but they do not. Parents do not know the out of district placements. It is a blessing my child is at Mercer Special Services School District and went to JFC, or he would not be thriving.

Sharlene Harvey would like board attachments and board documents uploaded to the website. How would the public see these if they are held in the board office?

Ms. Rainiero said not sure if we can, but we will look into this.

Ms. Donnelly said the minutes are on the website but not attachments. Public can also put in an OPRA request to access any public records.

Karen Burke, nurse at MHS agrees with Lori Cuddy but does it need to be 5 days half days. Dr. Kim are you saying it is building principal's decision?

Dr. Kim said are you on his pandemic team?

Karen Burke said I've been on all the meetings, there will be students remote, parents can choose to return so we scheduled this way. If everyone comes back, then we will have to manage.

13. ADJOURNMENT

A Motion by Gerald Stockman and Seconded by Jan Lewis to adjourn the meeting passed by unanimous voice vote, (5) aye's (0) nays. Meeting was adjourned at 5:40 pm.

Respectfully submitted by:

Deborah Donnelly
Business Administrator/Board Secretary
